MessageSolution Advantages for Compliance, eDiscovery & Security for Office 365

MessageSolution optimizes the licensing management for companies in O365 for compliance and eDiscovery requirements to reduce cost for 50% of O365 oversubscription. In the events of outstanding litigation and compliance audit, MessageSolution's failsafe capability enables diverse data continuity and access to unified search for all data of Office 365. Prior to migration, MessageSolution archives from the decommissioned mail servers to minimize migration data volume & cost. MessageSolution advantages include:

- Mitigate the Risk of Current Office365 Security Issues in Spear Phishing/Ransomware and Provide Same-Day Data Remediation from Malware Attacks for Exchange Online Protection
- Preserve and Archive for Historical Files, Cases and Sites from OneDrive and SharePoint
- Unlimited eDiscovery Searches / Record Management & Extended Legal Discovery Features
- Integrated Outlook Folder Discovery Access to Ensure C-level Executive & Legal Access
- Defensible Data Collection to Ensure Compliance and eDiscovery Requirements are met
- Competitive Pricing & Pay Less for More Functions of Advanced Compliance & eDiscovery Platform
- Geographic Redundant Archive to Mitigate the Risk of Office 365's Down Time
- Ease the Deadline Pressure from O365 when Departing Employees' Data to be Deleted in 30-Days by O365 or to Inactive Mailboxes

Available with email continuity archiving featuring advance eDiscovery search for PII to Identify, Classify, Encrypt & Protect.

MessageSolution Advanced eDiscovery Platform for Office 365 Environment

MessageSolution Advanced eDiscovery Platform is a preferred alternative solution that serves the interest of enterprise O365 business users in F-Plan and all E-Plans. Equipped with more features, it cost-effectively replaces E3 and E5 E-Discovery Center and provides compliance archiving for emails, OneDrive file and SharePoint Online documents. MessageSolution emphasizes value for Case Management, Legal Hold Notifications, Outlook seamless discovery, and provides FREE data migration from all data sources to MessageSolution Cloud Archive eDiscovery Platform.
