

## MessageSolution Newsletter

Q1 2012

MessageSolution – Global Technology Leader in Cloud-Powered & On-Premise Enterprise Information Archiving and eDiscovery

### Till Q1 2012, MessageSolution Cloud Computing Technology is Taking the Global Market - First in the Market to Enter Australia!

MessageSolution Cloud Computing Platform comes with 2 forms: Managed Service Provider (MSP) Hosted Archiving Platforms, and MessageSolution Cloud-Powered Archiving & eDiscovery Platform.

MSP Archiving Platforms also comes in 2 categories (MessageSolution supports MSP partners as the Technology Provider, and MSPs continue doing what they do best to offer software services to their clients base):

1. First one is **MSP Hosted Multi-Tenant Platform**, the single-server configuration which can archive for hundreds of SME companies, leveraging MSP's datacenter and cloud network infra structure, offering compliance and legal discovery archiving services to its SME client base.
2. Secondly it's **MSP Dedicated Hosting Archiving & eDiscovery Platform** (private cloud), offering a suite of archiving applications for email, SharePoint, File Systems, OCS, Lync Server IM, etc. delivering enterprise-class Cloud-Power archiving & eDiscovery services for large organizations (how about the company with 95,000 users worldwide!).

**MessageSolution Hosted Cloud-Powered Archiving & eDiscovery Platform** delivers enterprise information archiving for email, SharePoint, file systems, OCS, Lync, Office 365, Google Email, etc., for the organizations of all sizes, either a 5-employee firm or a 50,000-users enterprise.

Advanced eDiscovery features including Case Management and Legal Hold Notifications features. The Case Management features is an organizational and collaboration platform that allows for the managing of multiple cases at once by a team of legal professionals. Legal Hold Notifications inform email custodians and supervisors of new or escalated legal hold policies to enforce governance. By leveraging our established features and investing in new technology, we are looking forward to expanding and strengthening our eDiscovery presence in the marketplace and preparing for the MessageSolution Enterprise Email Archive & eDiscovery 7.0 release.

In February 2012, we exhibit at the **Microsoft SharePoint Technology Conference (SPTechCon)** with our new SharePoint Management Solutions for regulatory compliance obligations, governance & eDiscovery functionality. We are also looking forward to a trip to sunny Los Angeles, CA for Legal Tech West Coast 2012 as we exhibit our advanced eDiscovery solutions.

Congratulations also go to our 2011 Gadget Draw winners! Don't give up hope though, there are more exciting 2012 promotions in store. Go to [www.messagesolution.com](http://www.messagesolution.com) for details.
